

Lava Lake Certified Organic Grass-Fed Lamb Product Sheet

From the time they are born in the southern Pioneer Mountains, just outside of Sun Valley, Idaho, Lava Lake lambs live the organic life. Thanks to their naturally lush diet of wild, fragrant range grasses and herbs and irrigated pasture, Lava Lake certified organic lambs are pure and tender. Their delectable flavor tastes “of the land,” with that elusive quality the French call “*terroir*.” Lean and mild, the lambs differ completely from fattier grain-fed products. Because the lambs graze and nurse with their mothers all their lives, they enjoy the distinct advantage of drinking in natural antibodies that keep them healthy and vital. Their delicate meat is 100 percent free of added hormones and antibiotics or herbicides and insecticides.
